

Dear Becky,

I write today because your crucial GPB annual support expired some time ago!

Make no mistake - GPB is still here for you! Your news team *still* gets up crazy early to deliver the news on ***GPB's Morning Edition***. ***NOVA*** and ***Nature*** still offer amazing journeys in the sciences and natural history. ***MASTERPIECE*** and ***Great Performances*** still dazzle viewers.

PBS NewsHour, ***Political Rewind*** and ***1A*** still welcome you with thoughtful and enlightening conversations. ***Georgia Outdoors*** still immerses you in the natural wonders, creative minds and fascinating history of our state.

But one vital thing *is* missing at GPB these days. *Your annual support.*

[HERE'S MY RENEWAL](#)

We wish you were back with us, supporting the work of GPB again. We know you count on GPB. [Today, GPB hopes to be able to count on your renewed annual support.](#)

With my sincere thanks,

Bert Wesley Huffman
President & Chief Revenue Officer

P.S. ***Support like yours is the bedrock of a strong future for GPB.*** [Please act today - the rewards will return to you every time you turn to GPB.](#)
